Domain 1: Planning and Preparation

Example 1: Reflecting on Lesson Objectives and Alignment

Prompt:

"How well did my lesson objectives align with both curriculum standards and students' needs? What evidence do I have that students understood these objectives?"

Sample Reflection:

> Today, I designed a lesson on quadratic equations with clear, measurable objectives: students will be able to identify, graph, and solve quadratic functions. I aligned my activities with state standards, ensuring relevance. During the lesson, I observed students referencing the objectives posted on the board, which helped me gauge their understanding. Moving forward, I will incorporate formative checks more frequently to confirm that all students are internalizing these goals and adjust my pacing accordingly.

Key Insight:

This reflection encourages intentional planning, emphasizing alignment and student understanding, and prompts adjustments for future lessons.

Example 2: Analyzing Assessment Strategies

Prompt:

"Did my formative and summative assessments effectively measure student understanding? How did I use assessment data to inform instruction?"

Sample Reflection:

> I used exit tickets at the end of my lesson to gauge comprehension of key concepts. While most

students accurately solved problems, a few struggled with application questions. This highlighted a need to revisit foundational skills. I plan to incorporate more differentiated assessments next week, such as scaffolding tasks, to better accommodate varied learning levels.

Key Insight:

Self-assessment of assessment practices supports targeted instructional modifications, fostering equitable learning opportunities.

Domain 2: Classroom Environment
